About Zeta software

Zeta Software is a leading supplier of world class business software, services and support to medium sized businesses. We deliver unmatched business value to our customers and our products define our identity. With the benefit of local understanding and insight, we provide software and services that are relevant, practical and useful for the demand of today's small and medium sized businesses which cover a variety of industry verticals like finance, human resource, real estate, manufacturing and others.

Zeta Software has its Corporate office at Croydon, UK with the regional offices at Dubai, UAE and Kochi, India.

Zeta International Customers

With over 1000 customers across the globe who reads like who is who in industry and commerce, we have built our success on understanding and meeting the needs of the customers in their local markets. Following best practices and specific in-depth industry knowledge we are always looking to adopt innovative ways to turn ideas into real products.

Product Portfolio

In an increasingly global marketplace many businesses are developing an international presence. They therefore need robust solutions to handle the multiple government legislations, currencies, languages and can offer integration, customisation, platform options and more. We understand these challenges and have developed Enterprise Resource Planning (ERP), Customer Relationship Management (CRM) and Human Resource Management (HRM) and other solutions to meet the demands that international businesses generate.

ZETA ERP

Zeta ERP offers the freedom of choice, ease of integration, high performance, and reliability that forward-thinking companies rely on to increase profitability and seize the competitive advantage. At the core Zeta ERP has strong financial, operational and customer relationship management features and capabilities to successfully accelerate your business expansion.
